

# Solo – Blanka

Baby  
It's kind of crazy  
How else to phrase it?  
With you I've lost my senses  
Baby  
What happened to ya?  
I thought I knew ya  
But now it's time to face it  
Ya hot and cold  
High and you're low  
Messin' with my mind  
No-oh-oh, that's not how it goes  
So let me spell it out  
Now I'm better solo, solo  
I never let me down, didi-down-down-down  
Now I'm gonna show ya, show ya  
Show you what it is you're missing out  
Now I'm better solo, solo  
I never let me down, didi-down-down-down  
Now I'm gonna show ya, show ya  
How I be getting down, solo  
Tell me  
Now was it worth it? (Oh)  
Playin' me dirty (oh)  
But now who's laughing, baby?  
Watch me  
All eyes on me now  
Bet you regret how  
What goes around comes around  
Ya hot and cold  
High and you're low  
Messin' with my mind  
No-oh-oh, that's not how it goes  
So let me spell it out  
Now I'm better solo, solo  
I never let me down, didi-down-down-down

Now I'm gonna show ya, show ya  
Show you what it is you're missing out  
Now I'm better solo, solo  
I never let me down, didi-down-down-down  
Now I'm gonna show ya, show ya  
How I be getting down, solo  
No, no, I'm going solo  
Yeah, ya better, better, watch me now  
'Cause I know how to let go  
Gonna make it, make it on my own, woah  
Oh no, I'm going solo  
Yeah, ya better, better, watch me now  
'Cause I know how to let go  
So it's clear to see I'm  
Now I'm better solo, solo  
I never let me down, didi-down-down-down  
Now I'm gonna show ya, show ya  
Show you what it is you're missing out  
Now I'm better solo, solo  
I never let me down, didi-down-down-down  
Now I'm gonna show ya, show ya  
How I be getting down, solo
